My Life Before Christ – Share how and where you grew up and the role that men and women of faith played in your life, if any before you became a Christian. Be as specific as possible about the challenges you faced and the choices you made during this period.

The Moment of Truth – Every genuine conversion to Christianity involves a realization of the need to repent for sin and acceptance of the redeemed life. What made you answer the altar call? What specifically drove you to your knees? What person or persons were most instrumental in that decision and why?

The Difference He Makes – Describe here how your life is different because of your choice to follow Jesus. Is it something that would be obvious to anyone who knew you before? Why or why not? What challenges have you endured after salvation, and how has your faith equipped you to face them more effectively?

My Response to Jesus Christ

– What am I doing in response to the Great Commission (Matthew 28:19-20). What type of ministry do you foresee at this time in your future? What additional preparation may be necessary to accomplish this objective?
